## **Piapot Health Services Vaccination Program**

### **FAQs**

#### **How are members chosen to get vaccinated?**

Piapot Health Services has developed a Vaccination Program that will see Piapot community members getting vaccinated based on age category, starting with the eldest and gradually moving to the youngest. Members who are in the eligible age category can book an appointment by calling (306) 539-0889 or emailing: [vaccine@piapotfirstnation.com](mailto:vaccine@piapotfirstnation.com).

#### **How will I know when I am eligible for the vaccine?**

Communications will be available on the website and the social media pages on what age category is currently eligible.

#### **When will my age category get vaccinated?**

Since vaccine shipments are received at different times and in different quantities it is hard to pinpoint exactly when a certain age category is eligible for the vaccine.

## **Piapot Health Services Vaccination Program**

### **FAQs**

#### **I live off-reserve, am I eligible for this vaccine program?**

Yes. You can enrol in the Vaccination Program by calling Piapot Health services at (306) 539-0889. Keeping in mind, it is your responsibility to make travel arrangements to the reserve to get to your vaccination appointment when the time comes. Note – Priority will be given to members who live on reserve.

#### **What type of vaccine will be provided?**

Only the Pfizer and Moderna vaccines will be provided at this time. However, this is subject to change. Please confirm the type of vaccine when health staff call you with vaccination appointment details.

#### **Once I get my first shot, when will I receive my second shot?**

Since vaccine shipments are received at different times and in different quantities it is hard to pinpoint exactly when you will receive your second shot. However, it will be within the time frame required to take the second shot.
